Education

CMR Engineering College, Hyderabad

B.Tech in Computer Science & Engineering (Data Science)

Sep 2023 – May 2027

CGPA – 9.04 / 10.0

- **President, Coding Club** – Led coding competitions, workshops, and technical initiatives.
- **Executive Lead, CREST Club** – Organized national-level technical events, seminars, and hackathons

Experience

AIML Intern | International Institute of Information Technology- Hyderabad (IIIT-H)

May 2025 – Aug 2025

- Architected a YOLOv8-based helmet detection system, achieving 92% validation accuracy on a custom dataset for real-time safety monitoring.
- Curated and processed 1,000+ annotated images, improving model precision and reducing false positives through iterative optimization.
- Automated end-to-end ML workflows including preprocessing, augmentation, training, evaluation, and hyperparameter tuning, reducing manual effort by 40%.
- Developed reproducible Python-based pipelines in Linux environments, accelerating experimentation cycles by 30% and supporting agile research collaboration.

Projects

Employee Attendance & Payroll System | Full Stack Developer

Aug 2025 – Sep 2025

React, TypeScript, Vite, Tailwind CSS, JSON

- Engineered a workforce management platform supporting 500+ workers for attendance, leave, payroll, and reporting operations.
- Streamlined payroll and attendance workflows, reducing manual processing time by 70% and improving data accuracy.
- Crafted 7+ responsive modules including Attendance, Leave, Payroll, Reports, Analytics, Employee Directory, and Admin Controls using React, TypeScript, and Tailwind CSS.
- Delivered real-time analytics dashboards, accelerating report generation by 80% and improving workforce visibility.

IgniteED - Gamified Learning Platform for Rural Education | Lead Developer | SIH Finalist

Next.js (React + TypeScript), Tailwind CSS, Node.js & Express, MySQL

Sep 2025 - Jan 2026

- Spearheaded an offline-first multilingual PWA supporting 3+ languages and serving 100+ learners in low-connectivity rural regions.
- Devised a gamification framework with 4+ engagement mechanisms, achieving 85% student participation during pilot testing.
- Eliminated manual certification workflows by automating 50+ certificate generations and providing real-time teacher analytics.
- Leveraged personalized learning analytics to track 60+ student progress records, enhancing engagement and learning outcomes.

ASTRA - AI-Powered Personal Assistant

May 2026 - Jun 2026

Python, Generative AI, Speech Recognition, NLP, Automation APIs

- Built ASTRA, an AI-powered assistant supporting 15+ automation workflows across web search, application control, and productivity tasks.
- Unified LLMs, speech recognition, and TTS to enable real-time voice interactions with sub-2-second response times.
- Orchestrated 10+ automation modules for information retrieval, task automation, and workflow orchestration.
- Integrated 5+ external APIs through a modular architecture, enabling scalable AI automation and feature expansion.

Technical Skills

Programming Languages: Python, Java, C++, C, JavaScript, TypeScript | **Frameworks & Tools:** Spring Boot, REST APIs

AI/ML & Data Science: Machine Learning, Deep Learning, Computer Vision, TensorFlow, Keras, PyTorch, Data Analysis

Web Development: React.js, Next.js, Node.js, Express.js, HTML, CSS, Tailwind CSS, Bootstrap

Cloud & DevOps: Google Cloud Platform (GCP), AWS, Docker, Git, GitHub, Linux | **Databases:** MySQL, PostgreSQL, Firebase

Achievements

- **LeetCode Knight (1953 Rating) | 500+ Day Coding Streak**
- Finalist - **Smart India Hackathon (SIH) 2025** and **MSME Idea Hackathon 5.0**.
- Winner (1st Prize) - **Digithon and NeoCodathon coding competitions** at CMREC.
- Organized and hosted 10+ **national-level technical workshops**, seminars, hackathons, and conferences.
- Recipient of the **Prathibha Award (2021)** from the Government of Andhra Pradesh for academic excellence.

Certifications

- Google Cloud Professional Data Analytics – **Google Cloud (2026)**
- Salesforce Certified Agentforce Specialist – **Salesforce (2025)**
- Certificate of Proficiency in Artificial Intelligence & Machine Learning – **IIIT Hyderabad (2025)**
- Google Advanced Data Analytics & Project Management Professional Certificates – **Google (2024)**
- Spoken Tutorial Certifications (Computer Networks, Git, GitHub, SQL, Docker) – **IIT Bombay (2025)**
- Problem Solving (Intermediate) – **HackerRank (2025)**

Relevant Coursework

- Data Structures & Algorithms - Object-Oriented Programming - Database Management Systems - Operating Systems
- Computer Networks - Machine Learning - Artificial Intelligence - Cloud Computing - Software Engineering
